- Floor comfort tray.
- Water supply bottle for long trip.

Extract of a letter from Qantas.

"Qantas Freight acknowledges the extensive modifications that Pui Chin Co. has undertaken in order to improve the wellbeing and safety of travelling animals. This includes the additional security measures to ensure the containment of the animal throughout the journey & inclusion of seal points to maintain animal quarantine segregation integrity.

Qantas freight has assessed Pui Chin Co. range of carry cages as being of quality design & construction & meets, or in some cases exceeds, all the cage build specification requirements as stipulated by the International Air Transport Association (IATA) for the carriage of animal on commercial aircraft. Therefore Qantas provides Pui Chin Co. approval for PP20, PP30, PP40, PP50, PP60, PP70 range of carry cages on Qantas Group aircraft & aligned aircraft partners".
