## PRICE:

## WHICH COAT DO I CHOOSE?

Soft shell lightweight insulated coat for cold inclement weather conditions.

Durable hard wearing thermal coat, with seams that are fully waterproof.

A coat that has two functions in one, any season of the year the coat has a use.

Great for indoors on those chilly days and great for bedtime.

Warm everyday fleece coat for cold, clear conditions. Ideal for types of breeds of greyhounds, whippets, boxers, etc.

## PRODUCT DESCRIPTION:

Weather Master Classic Coats are designed to keep dog warm and dry all winter long. Made with a layer of sealed polyester between a polar fleece inner liner and outer shell of breathable shower-proof nylon providing warmth and comfort to your dog.

Reflective binding and styled reflective tape lines along the length of the coat adds visibility and safety whilst walking your dog on late nights or early mornings.

Fitted with a waterproof zipper makes for easy attachment to a collar or harness without the need to take the coat off. The coat also features full chest protection and velcro tabs to secure to your dog.

Ripstop/Waterproof Coat is the ultimate cold weather protection coat. Made of waterproof and windproof coated nylon ripstop.

The coat has an integrated layer of insulating material in a sealed inner shell with a nylon lining for extra warmth and comfort.

Reflective ribbing has been added to the 2018 for added safety whilst walking your dog at night or early mornings.

The 2018 comfy fit design makes this coat completely waterproof. The dog coat features strong neck and chest closures for durability and comfort. We have also added darting to the back of the coat to ensure a snug fit.

Four Seasons 2-in-1 New Gen Dog Coat, provides total adaptability to all weather conditions. The inner liner is removable. The outer shell of the coat is waterproof and windproof nylon Rip Stop.

Inner liner has a polar fleece material which is filled with a polyester thermal insulating fibre providing warmth and comfort, protecting against the cold. Inner liner can be removed, leaving a lightweight, waterproof breathable jacket.

The coat also features full chest protection, rear leg straps and leash hole. The jacket is finished off with reflective velcro strap and tape for night visibility.

K-9 Homes Pet Products Skivvy is a great looking, practical and stylish way to keep your pet warm this winter. Made from premium grade heavy weight anti-pill polar fleece with ribbed-trim on the sleeve holes, neck and bottom seam for your dogs comfort.

Ideal for wearing at night or bedtime.

After washing or grooming

Long Neck coats are specially designed to fit the curves of the whippet, Italian Greyhound, Greyhound, Boxers and similar type breeds. The long Neck coat features a premium grade heavy weight anti-pill polar fleece outer and liner giving double thermal insulating properties for extra warmth. The heavy weighted fleece, offers unparalleled quality and durability, and is suitable for cold weather activities. The neck can be rolled over.
