Introducing the ultimate guilt-free indulgence for your pooch - Carob Coconut Roughs!

K9 Homes Pet Products Carob Coconut Roughs are a delicious dog treat that combines the rich taste of carob with the health benefits of coconut. Made with natural ingredients, these treats are the perfect way to reward your dog and keep them healthy.

Carob powder is a safe and healthy alternative to chocolate, providing a rich, chocolate-like flavor that many dogs enjoy, without the risk of toxicity. Plus, coconut is a great source of dietary fibre and provides a range of health benefits for dogs, including improving cognitive function.

At our company, we use only the highest quality ingredients to create our Carob Coconut Roughs. Each treat is carefully crafted using a combination of carob powder and coconut, and is baked until firm and crunchy for a texture your pooch will love.

Our Carob Coconut Roughs are suitable for dogs of all ages and sizes, making them the perfect snack to share with your furry friend. Whether you have a puppy or a senior dog, these treats are a healthy and delicious way to reward your dog for good behavior, or just to show them how much you care.
